

MARBLE NO SPOT

Powerful stain remover

- ▷ **Removes stains where normal NO SPOT have no effect**
 - ▷ **High concentrated**
 - ▷ **Fast cleaning action**
 - ▷ **Does not attack the finish**
 - ▷ **Hydrogen peroxide-based and free from harmful fumes**
-

Description

MARBLE NO SPOT is an extremely effective NO SPOT, specially designed for quick and efficient deep cleaning of surfaces. It is distinguished by its high concentration, providing exceptional cleaning performance. Suitable for the most demanding surfaces, such as marble, granite, travertine and other natural and artificial stones, agglomerates, ceramic tiles, mosaics, as well as cementitious surfaces.

Uses

Suitable for removing stains such as:

- coffee and tea
- wine and soft drinks
- ketchup and mustard
- juices from vegetables and fruits
- other stains that are not oily

Suitable for indoor and outdoor applications in:

- houses, kitchen, bath
 - public areas such as restaurants, hotels, hospitals
 - industrial areas and office buildings
-

Technical Data

Product identification

Consistency	Liquid
Color	whitetish
Density	1.1 ± 0.05 kg/L
pH	5 ± 0.5

Application procedure

Application

Before using, shake the can. Apply the product liberally to cover the entire stain to be removed. Allow the product to act for a few minutes to about 15 minutes. If necessary, gently rub with a sponge. In all cases, carefully rinse the surface with plenty of clean water at the end of the process. The above procedure is repeated for highly persistent or deeply soaked stains.

It can be diluted up to 1:12 with clean water depending on the type of stain and surface.

Recommendations

Do not apply:

- on pigmented cementitious surfaces
- on clothes and carpets
- on wood
- to remove oily or greasy stains

Special notes

- not to be mixed with other NO SPOTs, chemicals, powdered metals, sawdust
- when using the product, wear rubber gloves and safety glasses
- before using the product, it is advisable to hermetically seal any surface that could be attacked through direct contact with the detergent
- due to the variety of natural stones, in case of doubt, it is recommended to perform a test on a less visible area before proceeding
- before using consult the safe use instructions on the label or the Safety Data Sheet
- keep out of reach of children

Consumption

Depending on the type of dirt and surface.

Storage

12 months from production date, in its sealed original packing, stored in dry conditions and temperatures between +5°C and +25°C.

Packaging

Bucket of 1L.

Safety Instructions

For information and instructions regarding disposal and safe handling, users should refer to the latest Safety Data Sheet of the product containing ecological, toxicological and other safety related data.
